

Why CBU?

California Baptist University believes each person has been created for a purpose. CBU provides a comprehensive collegiate experience that stimulates academic, social and spiritual growth. Our ultimate goal is to equip you to become an individual whose skills, integrity and sense of purpose will distinguish you in the workplace and the world.

Founded in 1950, CBU offers 80+ bachelor's degrees, 50+ graduate and credential programs and nine doctoral programs both online and on campus.

The phrase, "Live your purpose" is more than a tagline—it communicates the essence of the CBU experience. The CBU educational experience is designed to not only provide students with the knowledge and skills necessary for professional success but to also equip them with the values and vision required to live God's purpose in their lives.

To that end, CBU has identified four qualities, technically referred to as "University Student Outcomes," it seeks to instill in each graduate:

Academically Prepared

Biblically Rooted

Globally minded

Equipped to Serve

CBU's beautiful 162-acre campus is nestled in the heart of Riverside's historic Magnolia Avenue district, just minutes away from downtown landmarks, restaurants, theaters and cafés.

CBU's campus features contemporary architecture, state-of-the-art science and engineering laboratories, spacious and comfortable residential communities, one of the region's largest aquatic centers, a well-developed and championship-adorned athletic department, several high-quality on-campus eateries and a 5,000-seat event center.
